Classic 10 Stapler

Multi-purpose Usage

Designed to handle a range of light-duty stapling tasks, this model adapts easily to everyday needs in any workspace. Its flexible function makes it suitable for organizing notes, small reports, and routine paperwork.

Ergonomic Design

Formed with a focus on user comfort, the ergonomic shape supports natural hand positioning and helps minimize fatigue during repeated use. The smooth contours allow for steady handling through regular tasks.

Efficient Capacity

Accommodates up to 50 staples, staples up to 16 sheets at once, and includes a 50mm throat depth for greater flexibility in document management. This balance of capacity and compactness meets everyday requirements without frequent reloading.

Pro 25 E Stapler

%60 Power Saving

An advanced power-saving mechanism reduces the force needed for stapling by up to 60 percent. This technology provides smoother, more comfortable performance, making it ideal for frequent or large-volume stapling in busy office environments.

Front-Loading Design

Features a convenient front-loading mechanism for rapid staple replacement. Staples can be reloaded quickly from the front without fully opening the stapler, saving time and maintaining workflow efficiency.

Ergonomic Non-Slip Grip

The stapler features an ergonomically shaped rubber grip that enhances both comfort and control during use. This non-slip design ensures a secure hold, enabling precise and steady stapling, even during prolonged periods of work.

Efficient Capacity

The stapler holds up to 50 staples and fastens as many as 25 sheets in a single motion. With a 35mm throat depth, it offers flexibility for binding various paper sizes and formats.

Guider E Stapler

%60 Power Saving

Reduces stapling effort by up to 60% for smoother, more efficient operation, especially during frequent or high-volume tasks.

Built-In Ruler

Integrated ruler offers convenient measuring directly on the stapler, enhancing accuracy and functionality for document preparation.

Front-Loading Design

Enables quick and effortless staple replacement from the front, allowing users to reload staples efficiently without fully opening the stapler. This design streamlines workflow and minimizes interruptions during busy work sessions.

High Capacity

Handles up to 30 sheets at once and includes a 70mm throat depth, accommodating a range of paper sizes and supporting large or complex stapling needs. The high-capacity magazine holds up to 120 staples for extended use without frequent reloading.

All-Purpose Stapler

Built with a versatile design, this stapler adapts seamlessly to a wide range of stapling tasks across office, classroom, and home settings. Its robust construction ensures dependable performance for different document types and applications.

Pro 50 E Stapler

%60 Power Saving

Equipped with an advanced mechanism that reduces stapling effort by up to 60%, enabling smoother and more comfortable operation during frequent or large-volume use.

Functional Crimp Area

Incorporates a precision-engineered crimp area that consistently produces flat, well-formed staples with every use. This design ensures documents are securely bound with a clean, professional finish, reducing bulk and promoting neat, organized stacks.

Pro-Quality

Built with high-grade materials and engineering for reliable, long-term use. Delivers consistent, professional-level performance even under demanding workloads.

High Capacity

Holds up to 120 staples, staples up to 50 sheets at a time, and offers a 55mm throat depth, supporting efficient, large-scale stapling projects.

Pro 70 E Stapler

%60 Power Saving

An advanced EasyPress mechanism reduces the effort needed for stapling by up to 60%. This efficiency allows for smoother operation and minimizes hand fatigue, even during continuous high-volume stapling.

Functional Crimp Area

The precision-designed crimp area ensures staples are folded perfectly flat each time, delivering a secure bind and a clean, smooth finish for thick document stacks.

Pro-Quality

Constructed with high-grade materials and engineered for durability, this stapler delivers pro-level quality and consistent performance under intensive use.

High Capacity

Accommodates up to 130 staples, staples up to 70 sheets in one action, and features an 80mm throat depth for versatile, large-format paper handling.
